No Clubs...No Trails...No Snowmobiling or ATVing

WHY BELONG TO A SNOWMOBILE OR ATV CLUB

Snowmobiling and ATVing in Wisconsin is wonderful! The state has some of the finest trail systems in the country with over 25,000 miles of finely groomed trails. These trails are made possible through the volunteer efforts of members who have organized into clubs to establish and maintain portions of the Wisconsin trail system. It is the responsibility of the clubs to provide trail easements, signing, brushing, grooming and other maintenance. Without the clubs and their members, there would be no trails.

If you snowmobile or ATV on any trail in Wisconsin, chances are the trail is made possible by the local club. These clubs provide these trails for public use through volunteer efforts of their members. These clubs can use help to provide good trails on which to ride. Do clubs only work on trails? By no means; they have fun, they snowmobile, they ATV, they socialize, they raise money for charities, they hold fundraisers and help with are helping to keep the sport strong.
